

GoodSearch is a search engine (like Google or Bing) which is powered by Yahoo. When you use GoodSearch and choose Westminster as your charity, fifty percent of the revenue generated from the sponsored search advertisers on GoodSearch is shared with us (approximately 1 cent per search).

If every family in the school signed up and averaged two searches per day that would be over \$1300!! The impact would be even greater if every family got their friends, neighbors and other relatives to use GoodSearch and designated Westminster Academy.

Since GoodSearch is powered by Yahoo, you'll get high quality search results. It is really easy to sign up and make GoodSearch your default search engine.

- Visit goodsearch.com for more information and to sign up.
- Enter "Westminster Academy" in the "Who do you GOODSEARCH for?" bar.
- Click "Verify" and select "Westminster Academy, Memphis, TN".
- To make GoodSearch your default search engine: click on the down arrow next to the smaller search bar at the top right corner for search options and click on "Find more providers".
